Hi Sara, I haven't had a chance to think through all we need to follow up on, but thought you probably have. I know Rob invited you to the EE call this afternoon, so that will be at least an initial dialogue on joining the two NCI's. Anyway, we may want to touch base on our next steps and follow up for AT. I've got a lot going on at the moment, and will be transitioning to a management role (detail) in our new realignment in two weeks, so I'm trying to finish up some stuff related to my current position. If you could take the lead on execution of our follow up (which I'm sure you were already planning to do), and I can be in a "response mode", that would help me.

Thanks!

Subject: Follow Up to 4/1 NCI Executive Board Meeting w/ SIT Steering Committees

SIT Steering Committees,

Per the discussion today with the NCI Executive Board I have attached the comments that were received on the NCI Federal Register notice. The attached pdf is the combined "raw" comments received. The NCI comments table is a long summary of the comments. And the high level comments document is a very short summary.

The NCI Executive Board will be getting back with you all later this week with specific asks as to responses to or input on specific comments, and with an outline for preparing the 2 page summary document that was mentioned in today's meeting.

Thank you.
